**Teacher:** Ladies and gentlemen, boys and girls, kids of all ages--welcome to Camp Naz Under the Big Top! My name is \_\_\_\_\_ and I'm so glad that you could join me! For the next three days, we're going to be talking about and doing a lot of BIG things together and the focus of the next three days will be on a BIG God who helps us have BIG Faith!

We'll be learning about three different people from the Bible who had BIG faith in God and because of that, they were able to do BIG things!

So, how many of you have ever been to the circus? (*Kids respond*) Well, if you have, you know there is always a lot going on under the big top! The big top is where it all happens! And I can tell you that there will be a lot happening here for all of us!!

Each night, the first thing that is going to happen, is that we will spend time worshipping together! So, I need everyone up on their feet as we get ready to worship God!

Day #1 - Abraham  
Under the BIG Top

Here's how tonight will work. We've set up several games and activities outside for all of you to visit. Each leader of each group should have a schedule. You'll follow your group's schedule for the evening as you make your way through the rotation of games and activities. When everyone is finished, we'll meet back here to wrap things up.

Be sure to stay with your group, listen to your leaders and keep your hands to yourself. But, most of all, have fun! I'll see you back here in about an hour.

***Kids are dismissed to stations.***
