The

1948

A pause for fellowship before entering  
the open door into the halls of scholar-  
ship.

NORTHWEST NAZARENE COLLEGE

RAMON P. VANDERPOOL

PHIL SALISBURY  
Business Manager

The voyage of 1947-48 at N.N.C. is past. We have weathered stormy seas, anchored in the calm, and experienced weeks of clear sailing.

We, the editor and staff, present this to you as a logbook of memories for the years to come.

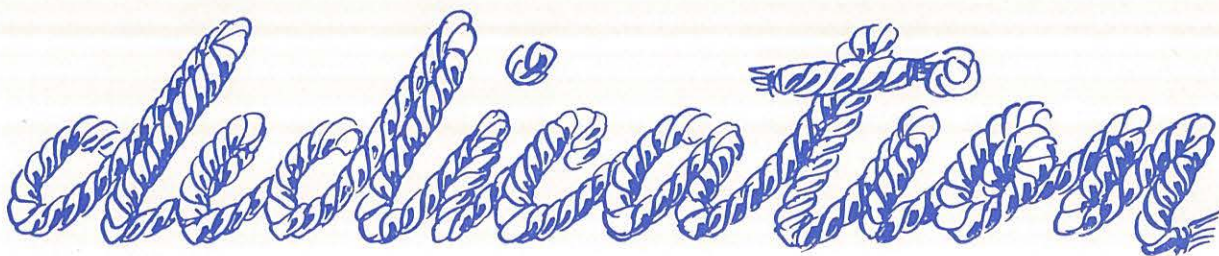

Morrison Hall, abode of co-eds

Teachers' offices top deck, books  
below—the scene of studious  
activity.

For launching us on this voyage of life, tenderly leading us through the white caps and anxiously standing by us as we approach the high seas and troubled waters . . . for being the pilot of our childhood days, and in our youth the navigator to hold us to our course. . . .

For your unfailing love, untiring interest in our welfare, and unbegrudging assistance in every way . . . your exemplary Christian lives, continual prayers and inspiring letters . . . your warm, sincere welcome whenever we return to the home port. . . .

For the festive times and the quiet moments of fellowship . . . the unforgettable hours of fun and instructive periods of work. . . .

For the encouragement you have given us to hold fast to the anchor, Christ Jesus . . . the sacrifices you have made to increase our opportunities for success . . . for your aspirations that we should rise to higher levels both spiritually and socially. . . .

For all this . . . to you, our parents we dedicate this 1948 OASIS.

To the parents of the students of N.N.C. we dedicate this book.

DR. LEWIS T. CORLETT  
President

Inspirational life . . . unfailing trust . . . our president serves as a friend in need to lonesome students, an example to those who need guidance, and even an admonisher to the scattered few culprits.

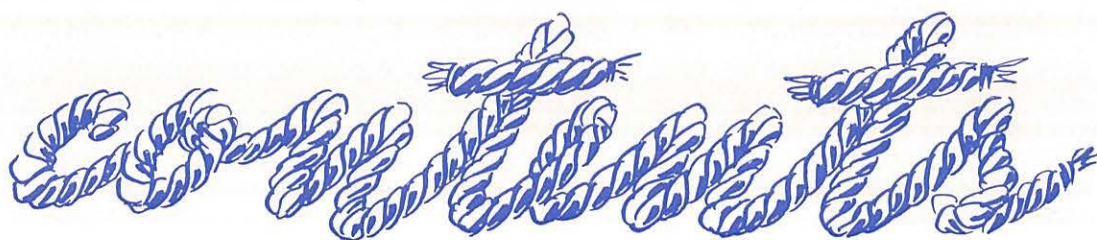

# The President's Message

Progress has characterized every phase of the school activity for the past year. The completion of Chapman Hall, the installation of a new heating plant, and the College High School building and dining hall have provided greater facilities for the operation of the school. Much new equipment has been secured and marked improvement has been made in the scholastic work as well. Best of all, a constructive religious atmosphere has lifted the spiritual tone and morale of the school and campus. Truly "God hath done great things for us, whereof we are glad."

The prospects for N.N.C. are unusually bright. Christian education is the only remedy for the ailments of individuals and nations. This generation must feel the impact of a definite God-consciousness before it can see the errors of the day and the way out of present moral confusion and darkness. More and more persons are looking for a school where God is put first. N.N.C. fulfills this requirement and stands ready to help parents and young people to return to the "old paths" of moral foundations and a God-directed life. God is leading on and together Administration, Faculty, and Student Body will join with Him as co-workers to make this day and tomorrow more religious and spiritual. In the words of the Psalmist, "We thank God and take courage."

Sacrifice . . . prayer . . . faith . . . these are the bricks of which the beautiful newly-built boys' dormitory is constructed. A vast improvement over last year's boys' dorm, Chapman Hall has been a boon to the Bachelor's Club. They no longer feel the lack of beauty and convenience that home-life can give.

Vision . . . friendliness . . . intelligent consideration of problems . . . willingness to set aside part of their time for the work of the school. These characteristics typify the Board of Regents of Northwest Nazarene College. Dr. B. V. Seals, District Superintendent of the Washington-Pacific district, was the guide of this worthy group of Christian leaders. The building program and multiplied cares of this growing institution were their tasks.

Guiding light of N.N.C... capable leader... inspiring teacher... understanding friend... spiritual adviser... optimistic achiever of record-breaking goals... In spite of constant official demands Dr. Lewis T. Corlett has kept intimate contact with students via frequent chats in chapel and in his seat of state. In loving gratitude the student body gave an offering to fully refurnish his office. With an unfailing faith in God, "He taught, but first he followed it himself."

Broadcasts of Sunday morning services each week send out the gospel message to shut-ins and friends of College Church who are unable to attend.

On Wednesday nights and Sundays the week-day chapel takes on a reverential air as faculty and students gather with friends from the community in worship together at College Church.

ANDREW HANNERS  
Parish Caller

One of our Seniors, Andrew Hanners, has the distinction of being Parish Caller of the College Church. His duties, which he enjoys thoroughly, are visiting among the members and friends of the church, and shaking hands with the people as they leave the church. An especially thrilling part of his work, he thinks, is visiting those members of his parish who have some of their family on the mission field. God speed to you, Andy, in further endeavors.
